

**BOY
ZUEIRA**

WHITEPAPER • \$BOYZ

FROM NOBODY TO THE TOP.

What Boyzueira is, how it's played, and everything about \$BOYZ: network, contract, supply and distribution.

Boyzueira is a free game inside Telegram, made in the Brazilian favela for the world. You start faceless, with zero followers, and climb step by step until you become a Visionary!. This document explains what the game is, how it works and what \$BOYZ, the currency of the universe, is.

1. WHAT BOYZUEIRA IS

A game about **the rise**. The player lives the climb of an influencer who starts from nothing: tapping, doing tasks, building a style, bringing in the squad and growing famous. Fame is measured in **in-game followers**, which exist only inside Boyzueira and have nothing to do with the player's followers on social media.

Boyzueira runs on characters, humor, slang and the look of the Brazilian favela. Funk, the periphery and Brazilian culture are the reason the game exists, not decoration.

FROM NOBODY TO
VISIONARY!

BZ  now

Every Visionary was a Nobody once. I started from zero just like you. The difference is I never stopped.

2. THE MASK

The faceless mask is the symbol of Boyzueira. Out there, someone's face decides where they come from, who they know, what their last name is. **In here, nobody asks.** You come in without a face and the favela gives you one, step by step.

The smooth side of the mask is the beginning. The graffiti side is the legacy: everything you earn along the way. Different on the outside, the same on the inside.

3. HOW TO PLAY

Tap, record, earn

- 1. Tap.** Every tap on BZ becomes an in-game follower. The higher your level and your Hype, the more each tap is worth.
- 2. Record.** Tasks on News, TV and Podcast. Each stage has its own risk and its own reward size.
- 3. Earn.** With the app closed, in-game followers keep coming in. Hype, the fame thermometer, is in charge: play every day and it stays high.

Style

The BZ Atelier has **485 branded pieces** (sneakers, shirts, pants, caps and sunglasses), and BzCar has **44 rides**, from the Uno Mille up. Many pieces are unlocked for free through sponsorship when the player hits a follower goal. Clothes and rides are style, not an advantage: nobody earns more for wearing designer labels.

Squad

A good game is a game with your squad. Players invite friends with their link, play Truco do BZ (a Brazilian card game) and Pênalti da Zueira (a penalty shootout) head to head,

check the rankings and climb together with their allies.

Free raffle (coming soon)

Raffle numbers earned by playing, without buying anything, drawn using Brazil's Federal Lottery. The full rules will be published in the Raffle Rules at launch.

4. THE \$BOYZ TOKEN
